www.modere.com.au

After Logging In ... Click on
Share The Love ... or
Give \$10 Get \$10

Then fill in either:
Invite by Email

... Or ...

Invite by Social Media

SHARE THE LOVE

Give \$10 get \$10

Sharing is a rewarding experience

Along with our team, the most important thing to most of us is sharing our time, our world and our experiences with the people we hold dear – our family, friends and the people who touch our lives.

Sharing is at the heart of the Modere way.

The perfect reason to share the love.

Redeeming Shopping Credits.

Please note that the \$10 Shopping Credit reward for sharing (Give \$10, Get \$10) your Promo Code requires a minimum \$50 spent on modere.com.au to be redeemed. If redeeming multiple Shopping Credits, multiples of \$50 must be spent.

For example, if you have five (5) Shopping Credits you must spend five (5) amounts of \$50. So to redeem \$50 in Shopping Credits, your order must be a minimum value of \$250. Your Shopping Credits will be deducted at check out.

TWO important questions re Customers - answered below:

1. How does a customer get rewarded for referring other customers?
2. Does the customer also get their own Promo Code?

1st question: Customer Rewards ... A Customers experience is **ONLY** through the online Shopping site : www.moderne.com.au
They receive CREDITS & also go into the monthly & yearly Draws to win EXPERIENCES ... info is on the Shopping site link - see Rewards
That page link also has details for Customers to TRACK their Rewards, see how the rewards add up, etc.

2nd question: Customer Promo Codes ... **YES** - Customers receive their own individual Promo Code.

Once they have created their personal MODERE shopping Account and are **Logged In** to moderne.com.au ... they can send invitations via email, Facebook , etc. - simply by clicking on "**Share The Love**" ... or ... "**Give \$10 Get \$10**". This opens the webpage where they can send an email invitation or Social Media invitation.

NB: I created a '**dummy**' customer as a test and when Logged In to moderne.com.au (as the 'dummy' customer) ... looking under **My Account** - the following info was available :

Account Information: Promo Code : **023594**

<https://www.moderne.com.au/?referralCode=023594> (URL for using individually ... i.e 'outside' the system)

~~~~~

Another test .... using the 'dummy' MODERE customer account:

I clicked on 'Share The Love' , filled in the details for an Email Invitation - and an **instant invitation was emailed** ... **the Links in that email, include the customers' Referral Code.**

A copy of the email from 'dummy' customer that I sent to myself via [www.moderne.com.au](http://www.moderne.com.au) is pasted in below for your interest

**SHARE THE LOVE**
